

# NOTICE OF PROPOSED CHANGE TO A RENEWABLE ENERGY PROJECT

**Project Name:** ZEP Wind Farm Ganaraska

**Project Location:** Municipality of Clarington, Region of Durham, Ontario

**MOE Reference Number:** 2482-96DPGE

**FIT Reference Number:** FIT-FTFZ53C

**Dated at:** the Municipality of Clarington, this, the 31<sup>st</sup> of December, 2014

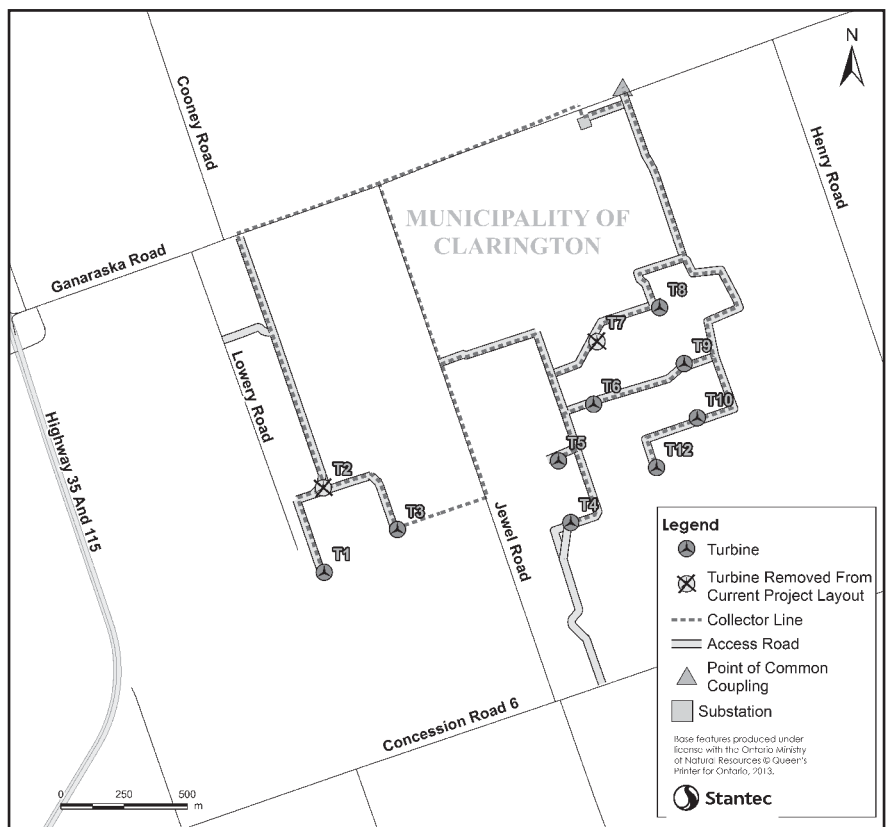

Ganaraska Nominee Ltd. is planning to engage in a renewable energy project in respect of which the issuance of a Renewable Energy Approval (REA) is required. The project is subject to the provisions of the *Environmental Protection Act* (Act) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with Section 16.0.1 of the Regulation. This notice is being distributed to make the public aware of a proposed change to the project.

## Project Description:

Pursuant to the Act and Regulation, the facility, in respect of which this project was originally proposed to be engaged in, consisted of a Class 4 wind facility with 11 turbines generating a maximum nameplate capacity of 20 MW. The Project continues to include ancillary works including an electrical collector system, a substation, temporary construction areas, and access roads.

## Proposed Change:

Following consultation with the Ministry of the Environment and Climate Change during the REA review process, a Noise Assessment Report was prepared. To ensure compliance with the 40dBA noise limit requirements, the proponent has opted to remove turbines T2 and T7 from the Project (see map adjacent). The resulting 9 turbine layout has a reduced nameplate capacity of 17.60 MW, down from 20 MW, including several units operating in a de-rated noise mode. The revised layout will meet the 40 dBA noise limit at all non-participating receptors in the area. The locations for the remaining turbines, and the substation, remain unchanged.

## Documents for Public Inspection:

Further details regarding the proposed change to the Project are provided in the Technical Change Document (December 19, 2014) on the Project website at: [www.capstoneinfrastructure.com/Ganaraska](http://www.capstoneinfrastructure.com/Ganaraska)

## Project Contacts and Information:

To learn more about the proposed changes or to be added to our distribution list, please contact the Project team:
